SUMMARY

Leadership is very important from a Biblical perspective. Jesus said “The harvest is plentiful, but the laborers are few; therefore pray earnestly to the Lord of the harvest to send out laborers into his harvest.” However, leadership can be abused. The body of Christ desperately needs to understand the form power takes, how it can be abused, and how to respond to abuses of power. This Master Class will provide that overview and a message of hope.

Diane Langberg is globally recognized for her 47 years of clinical work with trauma victims. She has trained caregivers on six continents in responding to trauma and to the abuse of power. She also directs her own counseling practice in Jenkintown, PA, Diane Langberg, Ph.D. & Associates, which includes seventeen therapists with multiple specialties. She is co-founder of Global Trauma Recovery Institute and Co-chair of ABS Trauma Recovery Council. Dr. Langberg’s newest book is Redeeming Power: Understanding Authority and Abuse in the Church. Other books include Counseling Survivors of Sexual Abuse, On the Threshold of Hope, In Our Lives First: Meditations for Counselors, and Suffering the Heart of God: How Trauma Destroys and Christ Restores. Dr. Langberg is the recipient of the Distinguished Alumna Achievements from Taylor University, the American Association of Christian Counselors Caregiver Award, The Distinguished President’s award, and the Philadelphia Council of Clergy’s Christian Service Award.
